One god of time became one god of time by jewish god of universe and few shia genies came to know that young man has become one god of time and young man even didnt knew that he is one god of time and he didnt understood the worlds of god and whatever he was saying from his mind that was becoming true and one day shia genies killed one god of time when young man went in shia religious place asking for help but according to knowledge of worlds of god shia and islam played games as they already knew young man is kid of jewish god of universe and when

he believes or loves then allah looses from him and islam looses from him. Worlds of god genies acts on every understanding and thinking (memory) from reality of humans. One god of time who was human told to genies its not true world where you stay its dream of humans where you live by creating a dream and your god creates that dream inside reality just like other gods creates dream for there genies.

Genies came to know truth about human that he understands something and do something and he thinks something and does something. Because worlds of god genies never understood what are humans but they controlled humans and made someone rich or punished someone from temporary memories of humans which they come to know while

humans prays for them or there gods in there religious places.

Genies of hindus and muslims and christians wanted to finish one god of time because he was human and he use to eat food and drink water and have taste in his mind of food which genies of worlds of god couldnt accept because they lived a life where only they get purity through good memories of humans and they continued to live.

Genies could not accept one god of time who was young man as human to live like human because sometimes young man use to smoke and do everything that humans does. But one god of time was genius and he told to worlds of god how they can become original but genies of worlds of god only was able to hear voice from mind of humans or anyone and one

god of time was human and shia genies and hindu genies and muslim genies and christian genies came to know from one god of time only that if one god of time who is human his mind is blocked then they will be able to control all genies of the world by blocking mind of one god of time and keeping genies inside head of one god of time to speech voice from understanding of one god of time opposite what one god of time says because when one god of time mind was blocked he told his genies to listen to his understanding what he says and the corrupted genies and evil sinner genies took benefit of one god of time who was human but still the genies were genies who act on memories which they came to know and it was very easy for one god of time to fool those genies by saying opposite and win from them instantly but one god of

time wanted to write this book and you read it and share the truth with everyone so purity is alive of one god of time in your hearts and you can feel his love towards his gods.

Genies blocked mind of one god of time and kept protection genies inside body of one god of time and genies inside one god of time was keeping words which someone was trying to find out truth like is human really one god of time by understanding and someone was unable to found truth because they didnt know whoever becomes one god of time the complete world is controlled from him through his body and head.

Genies blocked mind of one god of time who was human and genies kept protection genies inside body of one god of time and genies fooled everyone and genies were playing

game who were enemies of one god of time by making other religion genies bad and then tell them to take revenge by telling them truth that one god of time is this human only.

Humans lives a humans life where they communicate and think and understand and after thinking they decide what is good and what is bad that means thinking and understanding is not true for humans and one god of time who is human told jewish genies and jewish religion to update that he is human and he is like doll so they understand that his understanding and thinking must not be accepted and his memories must not be

accepted until he commands or sees jewish genies from mind and tells them to accept it.

But shia genies and muslim genies and hindu genies and christian genies kept genies inside head of one god of time who is human to say opposite whatever human was saying who is one god of time to fool jewish genies and make them become bad so there power doesnt works and these religions decided if they have to win from jews then they will control one god of time very easily through giving him understanding to understand something and jews accept that understanding and lost from them.
